Both Days:

Operational antique engines and belt-powered equipment displayed and operated by the Allegheny Mountain Engine & Implement Association. Activity area for children.

Operational demonstrations of the museum's steam-powered circular sawmill, representative of the hundreds of mills which existed in 1900 throughout Pennsylvania. The mill is capable of producing up to 5,000 board feet per 10-hour shift, with a seven-man crew, including a pondman, decker, sawyer, edgerman, tail edgerman/cut-off sawyer and enginemen and boiler operator. Tractor/Hayrides from Denton Hill to Museum, Master Chainsaw carver, commemorative T-shirts for sale.
